REPORT OF THE TRUSTEES OF THE GOFFSTOWN MEMORIAL LIBRARY

During the year 1949 low growing shrubs have been planted to replace the overgrown ones. The children's room has been thoroughly cleaned and redecoratd. Again a Christmas tree was added to the holiday interest.

The trustees regret the loss of Mrs. Eleanor Moss as assistant librarian, who resigned because of change of residence. They were fortunate to obtain the services of Mrs. Florence Hunt, who has substituted for several years, for Mondays and Wednesdays, and Mrs. Marjorie Corning, a former assistant, for Saturdays. We wish to express appreciation for the annual gift of the Shirley club, for a contribution for children's books, and for gifts of books from Mrs. David Prugh, William Murray, Mrs. Charles Parsons and Mrs. Violet Garey.

REPORT OF GOFFSTOWN VILLAGE FIRE PRECINCT

Fire Wardens

and

Water Commissioners

RECORD OF ANNUAL PRECINCT MEETING

———

April 5, 1949

Meeting called to order by the Moderator at 8:05 o'clock in afternoon. Warrant was read by the Moderator.

Article 1. Officers elected for the ensuing year.
Moderator—William F. Parker
Clerk—Carl B. Pattee

Both took oath of office.
Auditors—Frank W. Bartlett, Harry F. Colburn, B. F. Greer

Article 2. Water Commissioner for five years.
William A. Paige

Article 3. Voted to allow the Board of Water Commissioners the right to hire money in excess of Three Hundred Dollars ($300.00) due to any emergency.

Article 4. Moved that the Board of Water Commissioners be authorized to extend the mains, in the Precinct, as they deem necessary and that the Commissioners be instructed to extend the water main so as to provide fire protection for the residences of Helen Morse, Merton Grant and Warren Wright, this extension to be made prior to September 1, 1949.

27 voting YES and 25 voting NO. The vote was in the affirmative.

Article 5. The Water Commissioners explained what

had been done as a preliminary survey for increasing the water supply.

Motion that the Moderator appoint a Committee of five (5) to investigate fully into the methods of obtaining a supplementary supply of water for the Precinct. The Committee to consist of three (3) of the Water Commissioners and two (2) other persons not officers of the Precinct. Their investigation shall include (1) the cost of drilling a well or wells and connecting to the present system, (2) the cost of enlarging the reservoir, (3) connecting to the Manchester System, the cost thereof, and the expected revenue from Grasmere Village District, should we supply them and (4) any other method. Their findings shall be reported at an adjourned meeting to be held June 4, 1949 at two o'clock in the afternoon, and when this meeting adjourns, it adjourns until this date.

43 voting YES—11 voting NO. The vote was in the affirmative.

Article 6. Voted that this article be dismissed.

Article 7. Motion. That a committee consisting of the Board of Water Commissioners and three other citizens, to be appointed by the Moderator, investigate the cost of extending the water main to the Masonic Development and report at the adjourned meeting. After some discussion, motion was withdrawn.

Voted to authorize the Water Commissioners to extend the water main to the Masonic Development and that we raise and appropriate the sum of Four Thousand Dollars ($4000.00) by assessing a tax on all Precinct Real Estate to cover cost of the same.

Article 8. Voted to accept the reports of the officers as printed in the Town Reports.

Article 9. The members of the Goffstown Water Board make the following motion—That for all applications for new services outside the present precinct, which are not self supporting, the applicant must pay interest at the rate of 6% on the cost of said extension until it becomes self supporting, and that all such applications must be voted upon by the Goffstown Precinct.

13 voting YES—16 voting NO. Motion was lost.

There being no further business meeting stood adjourned until June 4th, 1949 at two o'clock in the afternoon.

CARL B. PATTEE,
Clerk.

The Committee appointed by the Moderator under Article 5, are the following: William E. Blaisdell, Fred B. Parker, William S. Whipple of the Board of Water Commissioners, and Charles S. Parsons and Meldon F. Rice, citizens of the Precinct.

Said Committee was appointed at a later date and not during the meeting.

June 4, 1949.

Adjourned meeting of the Goffstown Village Fire Precinct held at Town House.

Meeting called to order at 2:10 o'clock in the afternoon by the Moderator.

Article 5 of the Warrant was read by the Moderator and also the Motion pertaining to this article that was made at the previous meeting.

The report of the special committee appointed by the Moderator was read by the Chairman Charles S. Parsons.

Mr. William E. Blaisdell explained the process of financing the project referred to in the report by the issue of bonds.

Motion made that we accept the report of the Committee and give them a rising vote of thanks. Affirmative vote.

The following three motions were made by Mr. Tribble.

No. 1 That the Precinct vote to raise and appropriate the sum of Fifteen Thousand Dollars ($15,000.00) to raise the height of the dam at the present site of the Upper Reservoir, in accordance with the plan and recommendations of the special investigating committee whose report has this day been accepted and approved.

Total votes cast 57. 54 Voting YES—3 Voting NO.

The vote was in the affirmative.

No. 2 That we authorize the Water Commissioners to apply to the New Hampshire Water Resources Board for approval of said plan and to enter into such contracts as necessary for execution of said plan.

Vote was in the affirmative.

No. 3 That we authorize the Water Commissioners to issue and sell serial bonds and notes in the sum of Fifteen Thousand Dollars ($15,000.00) payable at such times, and in such amounts, and bearing such interest as the Water

Commissioners shall determine, in accordance with the Municipal Bond act of the New Hampshire Revised Laws.

Vote was in the affirmative.

Voted that we return to Article 4 of the Warrant.

Motion made, That the vote taken on Article 4 at the regular Annual Meeting be rescinded and that the Article be reconsidered at this time.

Total votes cast 56. 22 voting YES—34 Voting NO. Motion was lost.

Motion made That the Water Commissioners be instructed to proceed "as soon as the water mains now being laid in the Village, are completed", to lay the water main at Parker's Station voted for in Article 4 at once and that it be completed by Sept. 1, 1949.

Total votes cast 49. 30 Voting YES—9 Voting NO.

Vote was in the affirmative.

There being no further business it was voted the meeting be adjourned.

REPORT OF THE FOREST FIRE WARDEN

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.

2. Securing the required written permit from the warden when the ground is not covered with snow.

3. Insisting that others be careful and comply with burning requirements.

4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

1949 Fire Record:

Number of fires—8

Acreage burned—29⅝

Respectfully submitted,
THERON J. MORGRAGE,
Forest Fire Warden.

REPORT OF THE BARNARD PLAYGROUND TRUSTEES

The value of a well equipped and properly supervised playground was realized last summer. For the first time since its dedication, Barnard's Playground truly served those to whom it was given, the children of Goffstown.

In order that the playground might be attractive to young people, new equipment was purchased; slide, teeter-boards, merry-go-round, sand-box and basketball and volleyball courts. Proper supervision was given by Robert Chase, a Springfield College student. This leadership was made possible by contributions from many local organizations.

Children came to regard the playground as the place they could always enjoy fun with their friends. Daily attendance during the eight-week program was most encouraging, often going as high as sixty. Early evenings, Sundays, and holidays also found the equipment being used by a large number of children. The basketball court provided an excellent opportunity for the high school boys and girls to get early fall practice.

Other improvements made at the playground include repairing and shingling the arch, replacing of many planks in the grandstand and painting the roof. A gate was installed at the arch to keep cars from driving on the field in the spring. The grounds and all equipment was kept in excellent condition by Director Chase.

Plans for the coming season include installing some new equipment for the play area, a new screen around a portion of the tennis court, and other minor repairs to the tennis court and baseball diamond. The supervised pro-

gram, as conducted so successfully last summer, will be continued.

If Barnard's Playground is to serve the needs of the children of Goffstown more completely, a way must be found to provide a much needed swimming area. A survey will be made this summer in an effort to determine whether the pond could be reconstructed to serve successfully as a swimming pool.

On December 31, 1949 we have on hand 17 grave liners valued at $243.50. There are twenty-two full lots and eleven half lots, complete or partially completed remaining in Westlawn Cemetery.

Considerable progress has been made in all three cemeteries this past year on work that was not accomplished for lack of available labor during the war years.

A start on the new memorial park type cemetery, across the road from Westlawn cemetery should begin this year, funds permitting.

We are deeply indebted to the Unity Club for their generous gift of $300.00 that was used towards painting the fence at Westlawn.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Goffstown qualified to vote in district affairs:

You are hereby notified to meet at the High School in said district on the 18th day of March 1950, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment

of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

9. To see what sum of money the district will vote to raise and appropriate as a deficiency appropriation for the school year 1949-50, such deficiency arising from an excess of anticipated expenses and a decrease in the amount of state aid.

10. To see what authorization the district desires to delegate the School Board relative to the sheds belonging to the School District on the corner of Mill and Parker Streets.

11. To see what sum of money the district will vote to raise and appropriate to construct a bus stop on the site now occupied by the buildings mentioned in Article 10.

12. To see what sum of money the district will vote to raise and appropriate for the purchase of playground equipment for the several elementary schools.

13. To see what sum of money the district will vote to raise and appropriate for the purchase of school equipment.

14. To see if the district will vote to raise and appropriate the sum of $250 for high school library and reference books.

15. To transact any other business that may legally come before said meeting.

Given under our hands at said Goffstown this 30th day of January, 1950.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Goffstown:

I hereby submit my annual report as Superintendent of the Goffstown Schools.

The current school year opened with an elementary enrollment approximating that of the previous year. The high school enrollment, however, showed a marked increase due to an entering class of 69 Freshmen, 44 of whom were graduated from our elementary schools, the remaining coming from other sources.

Our teaching staff remained as it was the prior year with all teachers returning. In January, however, Mrs. Mary P. Brown, who had taught English in the high school for the past two and one-half years, asked to be released from her contract in order to accept a similar position in Manchester. Miss Virginia H. Schroeder of South Freeport, Maine, a graduate of the University of Missouri, was secured to replace Mrs. Brown. Miss Schroeder has come to us with several years experience, and holds a master's degree in English from Boston University.

It might be well to mention at this time the possibility of the need for an additional teacher in the high school another year. With our present large freshman class, together with certain junior high groups, our high school staff is at the present time carrying a full load. Were we to have another large group of freshmen another year, we would undoubtedly need added teacher service. As it is at present, we are not able to carry on certain desirable programs such as physical education in grades 5-12 (with the exception of basketball and baseball). We also are not able to include shop and home economics for Grasmere

and Bartlett pupils. In addition, a course in driver-training should be seriously considered in our high school curriculum. If an additional teacher is necessary to handle an increase in the traditional subject matter fields, it is hoped that certain supplementary services can then be handled by the staff.

Elsewhere in the school report is included the budget for 1950-51, arranged so that the reader can not only ascertain the estimated needs for the coming school year, but also the expenses of last year, the budget on which the schools are now operating, and the anticipated expenditures for the current year, as well as the comparable income items.

Included in the warrant for the March meeting is an item for a deficiency appropriation, such deficiency arising in the main for two reasons: (1) loss of anticipated state aid, and (2) over-run on the building project.

As many of you know, the 1949 session of the legislature reduced state aid for education from $2,000,000 to $400,000. Our 1949-50 budget carried an anticipated state aid income figure of $10,000, but under the 1949-50 reduced allotment, Goffstown received no such funds. We are, therefore, from this cause, $10,000 short in our funds to meet the appropriation and approved expenses of the current year (1949-50).

The total expenditure for construction on the high school project was $181,755, $7,755 over the amount provided by the bond issue. Of this $181,755, an amount of $6,081 was expended for adaptations, alterations and replacements to the original building, making the net amount chargeable to the new addition $175,674.

It will be noted that the district received slightly more income from certain sources than expected last March. However, certain expenses for renovating and redecorating of school rooms has prohibited these funds from reducing

the deficiency items previously mentioned. Among the improvements to buildings the major item was at the Grasmere School. The building has had but little done to it in many years, and hence it was mandatory that certain conditions be corrected and improved, if we were to meet the requirements of the State Board of Health. The three classrooms were cleaned and painted, proper drinking fountains and wash-sinks were provided, as well as other minor improvements. The classrooms at the Bartlett School were also redecorated, and the sanitary facilities improved.

During the summer vacation the custodians at the village school did a fine job in painting the science laboratory and one other classroom, as well as refinishing several floors of the building.

Although on the surface it might appear that two full-time men are not necessary as custodians of the high school building, I assure you that their services have been very necessary and profitable to us. When one considers the increasing use of the facilities by both school and community, together with the numerous maintenance services being performed by our custodians, one soon recognizes the fact that it is money well spent. A plant of the value of ours demands that it not be allowed to depreciate for lack of proper maintenance.

Through the activity and generosity of many individuals and groups, several pieces of playground equipment have been installed at the village school. Such equipment has long been needed, and its acquisition has contributed greatly to the recreational program of the elementary pupils. We are indebted not only to the Mothers' Club for their initiation of the project, but to all other groups and townspeople who took an active interest in making the equipment a reality.

During the past year a Parent-Teacher Association has been organized. Even in its first few months of activity it has not only had an opportunity to more fully appreciate the numerous and complex problems facing the school board and staff, but the group has made certain valuable contributions directly and indirectly to the schools. The Book Fair conducted in the late fall, together with a drive to secure supplementary reading books for all grades in all of our schools, is an evidence of the interest of this group.

Organized as it is on a town-wide basis, I feel that through the P.T.A., all of us can become more conversant with the over-all school problems, for many such problems are not merely the concern of one section of the town, but rather problems of all of us. The increased birth rate of the post-war years, plus the new home construction in many parts of our town, all tend to create a situation demanding a solution by all citizens of the town.

Respectfully submitted,

LEWIS F. FOOTE,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

So many children and young people at the age when they should be at their best have bodily defects. Although most of them are presumably well, only a few are entirely free from some defect. Often these defects seem trivial and apparently are of no importance, but we know that even slight defects are likely to lead to trouble later on in life if they are not corrected. Such causes as these may be responsible for failure to make the expected progress in school work. Therefore, we endeavor at the time of the fall examinations to notify the parents of any defects which should have further attention, and recommend that they consult their family physician or dentist for more complete examination and advice.

Many first graders before entering our schools in the fall have been immunized against diphtheria, whooping cough and tetanus.

Nearly every pupil in this Union has had the Patch Test. Children showing a positive reaction are referred to the tubercular clinic in Manchester for a chest examination and X-ray. We have requested the State Board of Health to locate the Mobile X-ray unit in this area during the Spring. This mass X-ray survey is free to all young people fifteen years and over, and all adults. Dr. Kerr advises that those children who were "Patched" in 1946 be done again this spring. Sixty-nine pupils had this test in January, 1949. Six showed a positive reaction and they were later taken into Manchester to the tubercular clinic for chest examination and X-ray.

Every year a hearing test is given with an instrument that determines the hearing efficiency of our school chil-

dren. A vision test is also given. Both instruments are electrically operated.

May 10th was Registration Day for twenty-four children who were to enter school in September. Following their registration, vision and hearing tests were given by the school nurse, and an examination of teeth was conducted by a state dental hygienist.

In the fall approximately 460 pupils were examined by our school physician, Dr. Reiner.

The following report shows the number of children affected and the number of defects corrected:

Defective vision—65	defects corrected—50
Defective teeth—270	defects corrected—225
Diseased tonsils—40	defects corrected—27
